

If my comments counts... I Love XM instant Traffic and weather... Living in the Washington DC area traffic you can traffic porbalmes anytime of day. XM Radio allows me to alter my route as needed. It's the first thing I turn on ever time I get into the car. Local traffic only comes on every 10 minutes (which is nice) but 10 minutes is not enough in this area, you need to know right away so you can plan your route.  
PLEASE DO NOT GET RID OF IT.... I PAY FOR XM SERVICE, I SHOULD BE ALLOWED TO HEAR TRAFFIC REPORTS WHEN I NEED THEM.

Thanks
